Kidsave is a 501(c)3 non-profit organization. Our mission is to create change so older kids in foster care grow up in families and connected to caring adults. Our Weekend Miracles Houston program provides a unique way to find adoptive families for the hardest to place children in care, older kids, ages 9 to 17. Participating youth become visible to the community through weekend visits with their host families who help them find the adoptive families and connections they need and in some cases, become their lasting connection or adoptive family.
